

Canal &
River Trust

DETAILED INFORMATION

UPGRADES AND IMPROVEMENTS TO EXISTING FACILITIES

Works to upgrade, expand or improve existing facilities may involve works which affect Trust property. This may include the provision of new moorings, new services, maintenance work, car parking improvements, new bank protection, drainage, dredging, building works, boat lifting etc.

Many aspects of this work may be covered elsewhere on this website. Please contact us directly if you cannot find any information relating to your proposal so we can advise further on our requirements.
